

On September 1, 2019 the Friends Committee on National Legislation Education Fund (FCNLEF) assumed responsibility for the governance and management of William Penn House. This joint agreement between the boards of the two organizations followed many months of discernment and a clear commitment by all to strengthen the Quaker presence in Washington DC for peace and justice advocacy.

During the transition in management and operational oversight, we are suspending the online giving function until it can be moved to a platform compatible with FCNLEF's. The next few months will be a time of transition as we close the building and suspend programming in order to make repairs to the William Penn House and evaluate and plan new program and hospitality functions.

William Penn House will remain a separate 501(c)(3) charitable organization. For proper crediting and acknowledgement, contributions to William Penn House may be made by check to William Penn House and mailed to WPH, c/o FCNL Education Fund, 245 Second Street NE, Washington, DC 20002.
